

Holiday Hills /Le Villa Vaupell Sewer Extension

SMART SOLUTION. New sanitary sewers within Holiday Hills and Le Villa Vaupell subdivision to:

- Reduce contamination
- Improve water quality
- Provide a healthier community

AFFORDABLE INVESTMENT. Public sewer infrastructure funded with a state grant and a low-interest loan.

- Current residents will not be required to connect.
- Residents who connect will have monthly user fees and connection fees.
- New builds, property sales, and failed septic systems will automatically have to connect.

Project Highlights

- Construction of sanitary sewers within Holiday Hills and Le Villa Vaupell.
- Construction of two sanitary lift stations.
- Construction of a force main connecting to existing infrastructure.
- Sewers within the right-of-way will be owned and maintained by NMWRD.

Project Funding

- Unsewered Community Construction Grant
- EPA Low-Interest Loan
- To be Repaid by the District
